WARNINGS THIS WEEK

UVIC Drug Checking Team

There is an increase in carfentanil and other fentanyl analogues circulating in BC, showing up in drug checking samples. Be aware test strips may not pick up carfentanil and other analogues of fentanyl.

(May 15, 2019)

DOWN

May 11, 2019

ARBUTUS SHELTER

- 1) **YELLOW/BEIGE** tint before cooking (when smoking: no residue on foil)
 - **WHITE** after cooking
 - **Extremely dense and hard (1pt=3pt)**
 - sweet/chemically (fent)
 - 4.5/5 potency, 4/5 legs

*** don't use sample alone!!*

DOWN

- 1) **GREY/BROWN** before and after cooking
 - rocky, hard texture
 - chemically smell
 - 3/5 potency, 3/5 legs

VCH ALERTS

May 10, 2019

Dark purple/brown down suspected to contain carfentanil causing ODs in the DTES. Test strips work well for fentanyl but not for carfentanil. Use at an OPS/SCS

INFO

The **University of Victoria** is offering a free and confidential drug checking service as part of a pilot project. If your 19+, and can provide a small sample, check them out at:

SOLID (1139 Yates)

Mondays and Thursdays
12pm-4pm

AVI (713 Johnson)

Tuesdays and Wednesdays
between 3pm-7pm.

**** This helps provide more info, but can never tell you is something is safe/unsafe. That is up to you to decide!**
